Image report

The img elements of the page are shown below categorized by their type of textual alternative. Please review that the images in each group match that group's definition.

Images with textual alternative

The following images have textual alternatives. Please review that the textual alternatives make sense considering the purpose of the image in the context of the page and that phrases like "Image of …" are avoided.

Note that iconic images that are redundant with text next to them or purely decorative should have alt="" instead.

Image	Textual alternative	Location
Not resolvable	logo	From line 35, column 134; to line 35, column 249
Not resolvable	handtech	From line 93, column 88; to line 93, column 156

      with details about your company and<br />products / services then this is simple and good option. In static website also you
      have two options one is template based website and other is completely customized designed website. Template based website
      is ready to use design in which logo, content, links and images are changed, but the layout of website is not changed. <br
      />Such website are fast to deliver and economical in cost. Second is completely customized website, in this our web
      designers work on your website right from the scratch and do completely unique design. <br />Such website cost is higher
      than template based and takes longer time to complete, but such websites look are totally as per clients requirement.<br />
